

# EU5 PLUS

Where Strength Meets Intelligence On The Road

Test Drive

## Capital Beauty Design Philosophy

Based on the "Capital Beauty" design concept, the overall appearance is made more full and rounded with a clean and elegant look

## Extra-long Wheelbase

2670mm Wheelbase

## Fashion-forward Lighting Set

The integrated, full-width LED horizontal wing-shaped taillights along with the innovative and distinctive sequential turn signals not only maintain the car's recognizable design but also further enhance its visual appeal

## Quality Cabin

- The interior features extensive use of soft-touch materials, combined with ventilated and heated seats with memory function which ensures a comfortable ride
- The cabin is equipped with a CN95-grade health and environmental protection system, safeguarding your respiratory health

## Body With High-strength Steels

The application proportion of high-strength steel is up to 60.1% leading in the same level

## More Stable And Safer Driving Control Performance

Above A+ grade competitor cars equipped  
The center of gravity of the car body is effectively reduced better dynamic lateral stability

## Strong Power Performance

- 30%-80% 25°C Fast charging time  $\leq 0.5$  hour
- Real-world driving range of 501 km

## Next-Gen Electronic Control Tech

- Improve data transmission's speed and amount with high efficiency and more stable performance
- High integration and lightweight, with 46.5% volume reduction 40% weight reduction

EU5 Plus Specifications

R500 Luxury ▼

Maximum power (kW)	120
