## Cab and Chassis

DIMENSIONS & WEIGHT

HD78 GT (LWB)

HEIGHT

2,360 mm

LENGTH

6,990 mm

GROSS VEHICLE WEIGHT (GVW)

7,800 kg

WIDTH

2,025 mm

## Performance and Safety

The HD78 GT is meticulously designed and built to take on tough jobs and challenges to further your way in growing your business.

### **Powerful yet economical diesel engine performance**

Mated to a 5-speed transmission system, this remarkable powerplant provides responsive acceleration and torque, while maintaining fuel-efficient engine operation.

## **D4CC (EURO 4)**

Turbocharger Intercooler Electronic diesel, 4 stroke-cycle, water-cooled  
direct-injection diesel

## **Anti-lock Braking System (ABS) integrated with Electronic Brake force Distribution (EBD)**

ABS helps the driver maintain control of the vehicle, especially when driving on slippery roads, while EBD helps to supply sufficient braking force appropriate to

## **Safe for the journey ahead**

More perfect, more secure on the job.

**High-tensile Steel Cab**

## Front Underview Mirror

**Reverse Warning buzzer**

**Anti-collision door beam**

## Convenience

Flexible coverage for your business

# Warranty

Flexible coverage for your business

## Basic warranty for cab and chassis:

3 Years or 200,000 km (whichever comes first) Upper body warranty is separate from basic warranty and may vary depending on body builder/manufacturer.

## Strong right from the core

The HD78 GT is built with Hyundai's high-tensile steel chassis frame to withstand tough load.

## Longer Cargo Bed

The HD78 GT is available in medium, long and extra-long wheelbase; extending up to 19.5 feet to give you generous cargo capacity.

## **Clear Headlamps**

Equipped with leveling device to precisely illuminate the road where more visibility is needed, especially when driving at night.

### **Clear Headlamps**

## Enlarged door-open angle

Up to 87-degree tilt angle allows the driver and front passenger easy ingress and egress.

Enlarged door-open angle

## Power take-off
